

Earn an Accredited PhD Degree through The New Human University!

Before pursuing your PhD degree, you must first complete your MA degree in Source Code Alchemy: Theory & Practice. By enrolling in both the MA and PhD degrees together, you will earn greater tuition discounts, and you will only be required to write one dissertation.

The accredited PhD in Source Code Alchemy: Theory and Practice takes all you have learned in the MA and deepens it profoundly. You will be introduced to new and esoteric teachings, techniques, practices and programs, all through a completely self-paced learning experience. The PhD is a combination of academic credit hours and praxis (practice) hours. In this new revolutionary educational model, it is not enough to simply learn new information—we must also transform ourselves.

CURRICULUM OVERVIEW

The PhD in Source Code Alchemy: Theory & Practice is comprised of the following:

10 Courses through The New Human University

These courses are conducted online, except for one live week required in-person in Chicago.

Timeline: These courses are completely self-paced. The live event is held once per year and must be attended in-person in order to graduate.

1 Course + Dissertation through Ubiquity University

If you have upgraded to a MA/PhD combination degree, only one PhD dissertation is required (you will not need to write one for the MA). You will also take one other course with Ubiquity, which you can attend in-person or online.

Timeline: Ubiquity's course is offered once per year. The dissertation is self-paced. Both need to be completed in order to graduate.

[LEARN MORE →](#)

Once you complete the master's degree, you can begin your PhD courses. These courses are completely self-paced, and you can take up to 7 years to complete them, if you so choose. Or you can do it much quicker!

If you are interested in earning your PhD, we strongly recommend enrolling in the master's degree and PhD degree at the same time, as you will save on tuition AND you will only need to write one dissertation.

WHAT CAN YOU DO ONCE YOU GRADUATE WITH YOUR PHD?

- 1 Start a new career as a teacher and practitioner in the exciting new profession of "Source Code Alchemy". You will have the skills and knowledge to teach the Source Code Meditation technique, host live workshops with hands-on sessions, and offer programs that change the world! The PhD will provide you with additional skills, knowledge, techniques and programs not available to the master's degree graduates.
- 2 Apply for a strategic partnership to open your own "Source Code Alchemy Institute".
- 3 Use your accredited MA and PhD degrees to boost your status for other employment opportunities, or simply go through the process for your own personal growth and development.
