

Earn an Accredited Master of Arts Degree through The New Human University!

“Source Code Alchemy: Theory and Practice” at the master’s level prepares you to thrive during the unprecedented changes that humanity is experiencing in the 21st century.

During the self-development portion, you will harness the untapped potential within your brain and mind by awakening a dormant Inner Organic Technology® within your body. Discover the unlimited nature of this energy source within you as you follow a path that facilitates your growth and evolution to higher states and stages of existence.

The professional-development portion prepares you to pursue a career as a Source Code Alchemy Practitioner. The world is in a “meta-crisis” with much of humanity experiencing a “meaning crisis.” But there is a way out of crisis. Most techniques, teachings, technologies, and careers are inadequate for solving the predicaments of the 21st century. But Source Code Alchemy is a real and adequate solution. You will develop the skills to unlock Inner Organic Technology® for others and increase their mind/brain capacity. Those you serve will also know who they really are and will have the ability to flourish in all areas of their life.

CURRICULUM OVERVIEW

The Master of Arts in Source Code Alchemy: Theory & Practice is comprised of the following:

Foundational Courses

These are 4 self-paced courses that provide the “foundational” knowledge you’ll need for the master’s degree. You can start working on these courses as soon as you are enrolled in the MA!

Timeline: These courses are self-paced and just need to be completed before you graduate with your degree.

PraxisAletheia, The Mystery School

The 12-month Mystery School at the Leading Edge of Evolution makes up the majority of the master’s degree. It is a transformational journey like no other. Start date: February 3rd, 2025.

Timeline: PraxisAletheia runs from February to December.

Practitioner Courses

These 8 courses provide “in the field” training. It even includes a live week of hands-on training.

Timeline: These are conducted on a set, 3-month timeline and are offered once annually. You can take these courses after the completion of PraxisAletheia.

Dissertation Course + Writing

This is a 5-day online course conducted by Ubiquity University. This course sets you up for successfully writing your dissertation! After you complete the course, you may begin writing your dissertation.

Timeline: The course is available only during certain weeks throughout the year. There will be options for you to choose from. The dissertation itself is self-paced and just needs to be completed before graduation.

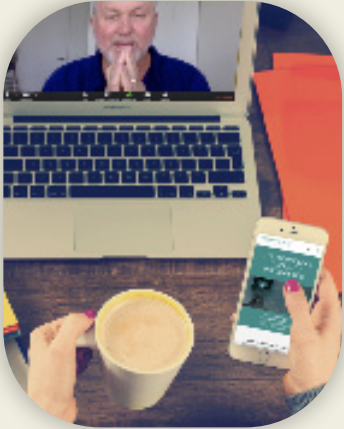

PraxisAletheia Testing

After you complete PraxisAletheia, you will be tested on your knowledge via essays and multiple choice. We want to make sure you have fully grasped all the concepts you’ve learned throughout the year.

Timeline: This testing is self-paced and just needs to be completed before you graduate with your degree.

A Map to Earning Your Master of Arts

You have the flexibility to complete your MA in just 15 months, or you can take up to seven years from your enrollment date. You have options!

The program's interactive sections, like PraxisAletheia and the Practitioner Courses, run on a specific schedule with group activities including Zoom sessions and live events. These courses can be undertaken anytime within seven years (note that you must complete PraxisAletheia *before* you can begin the Practitioner Courses). The dissertation course component also has a set calendar but is offered more frequently to accommodate your timeline.

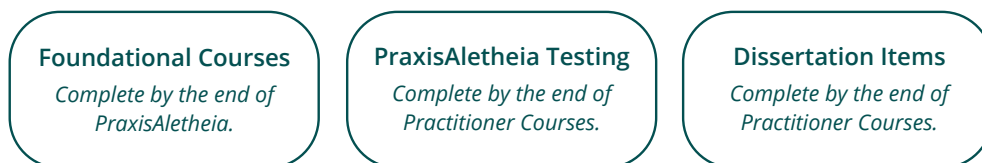

Other parts of the program like the Foundational Courses, testing on PraxisAletheia, and dissertation writing offer great flexibility as they are completely self-paced.

WANT TO GRADUATE AS QUICKLY AS POSSIBLE? FOLLOW THIS TIMELINE:

Immediately after you complete PraxisAletheia, begin the Practitioner Courses.

During this 15-month period, also complete...

The above map is a suggestion only, and helps visualize the journey if you want to complete your degree in as little as 15 months. If that's not for you, that's ok! You have up to 7 years to complete all the components of the degree (although most students will complete a master's degree within 2 years). You got this!

WHAT CAN YOU DO ONCE YOU GRADUATE WITH YOUR MASTER OF ARTS?

- 1 Start a new career as a teacher and practitioner in the exciting new profession of "Source Code Alchemy". You will have the skills and knowledge to teach the Source Code Meditation technique, host live workshops with hands-on sessions, and offer programs that change the world!
- 2 Use your accredited MA degree to boost your status for other employment opportunities, or simply go through the process for your own personal growth and development.
