

A new Renaissance you say?
Many say a new Dark Age...

A NEW DARK AGE

Apocalyptic Scenarios?

- ➔ The complexity of the ‘wicked problems’ has outpaced the neurological flexibility and cognitive bandwidths of those attempting to solve the problems. Additionally these problems are sustained and propagated by modernist systems that are obsolete and failing.
- ➔ Artificial intelligence
- ➔ Political polarization
- ➔ Nuclear proliferation
- ➔ Biological weapons
- ➔ Environmental degradation
- ➔ Global pandemics

A NEW DARK AGE

Systems Collapse?

- ➔ Data analysis shows a decline in key indicators of people's lives on every populated continent of the world since 2016
- ➔ Decline in 'Numbeo Quality of Life Index' (purchasing power, cost of living, pollution, crime, climate change)
- ➔ Decline in Life Expectancy
- ➔ Decline in Health
- ➔ Decline in Earnings
- ➔ Decline in Education
- ➔ This is the first time since records began that these indicators are going backwards. This data is pointing to common wide-spread global systems degradation.

A NEW DARK AGE

Meaning Crisis?

- ➔ The Human Development Index (HDI) has been used by the United Nations since 1990 to measure the level of human wellbeing in each country. In economically advanced countries human wellbeing has increased every year until 2019 and has been falling every year since.
- ➔ Decreased general quality of life
- ➔ Decreased purpose and meaning
- ➔ Decreased job satisfaction
- ➔ Increased 'free floating' anxiety and depression
- ➔ Increased addictions and diseases of despair
- ➔ Increased loneliness and suicides

The mental health of young Americans remains a significant concern. Nearly half (47%) of young adults under 30 report “feeling down, depressed, or hopeless,” and 24% have had thoughts that they would be “better off dead,” or of hurting themselves in some way at least several days in the last two week.

“Therefore, what we are witnessing is not only the end of ‘development’ but something well described with the more dramatic term of ‘collapse’. Because whatever comes next, it won’t be a rebooted version of how you have been living in the past.”
