I ask that you listen dangerously.”

TODAY...

An emerging new stage of human evolution leading to a New Renaissance. Catalyzed through the 'Trojan Horse in the Academy'.

New Renaissance: Phase 1

Phase 1: Into the Market Place

SCAI Chicago + SCAI Miami + MA (84) and
MA/PhD (25) graduates (you) catalyzing their
communities through SCAT&P

2 years to Phase 1 completion.

New Renaissance: Phase 2

Phase 2: Building the Arcs

Networked E6 holonic communities of 14,000 emerging new humans

A distributed 'Florence', 14,000 (adjusted for current world population)

5 years to phase 2 completion and the tipping point.

New Renaissance: Phase 3

Phase 3: A New World

A network state is a highly aligned online community with a capacity for collective action that crowdfunds territory around the world and eventually gains diplomatic recognition from pre-existing states.

Ongoing.

As you seek E6 – or a deeper emergence into E6 – participating in a career, profession or work that is not in alignment with your ultimate vision and values becomes intolerable and arrests your development. This fundamental ‘lower right’ component must change or E6 cannot FULLY emerge.

The good news is that aligning at least a portion of your career, profession or work with your ultimate vision and values is itself a catalyzing agent to bring you into, or more FULLY into, E6!

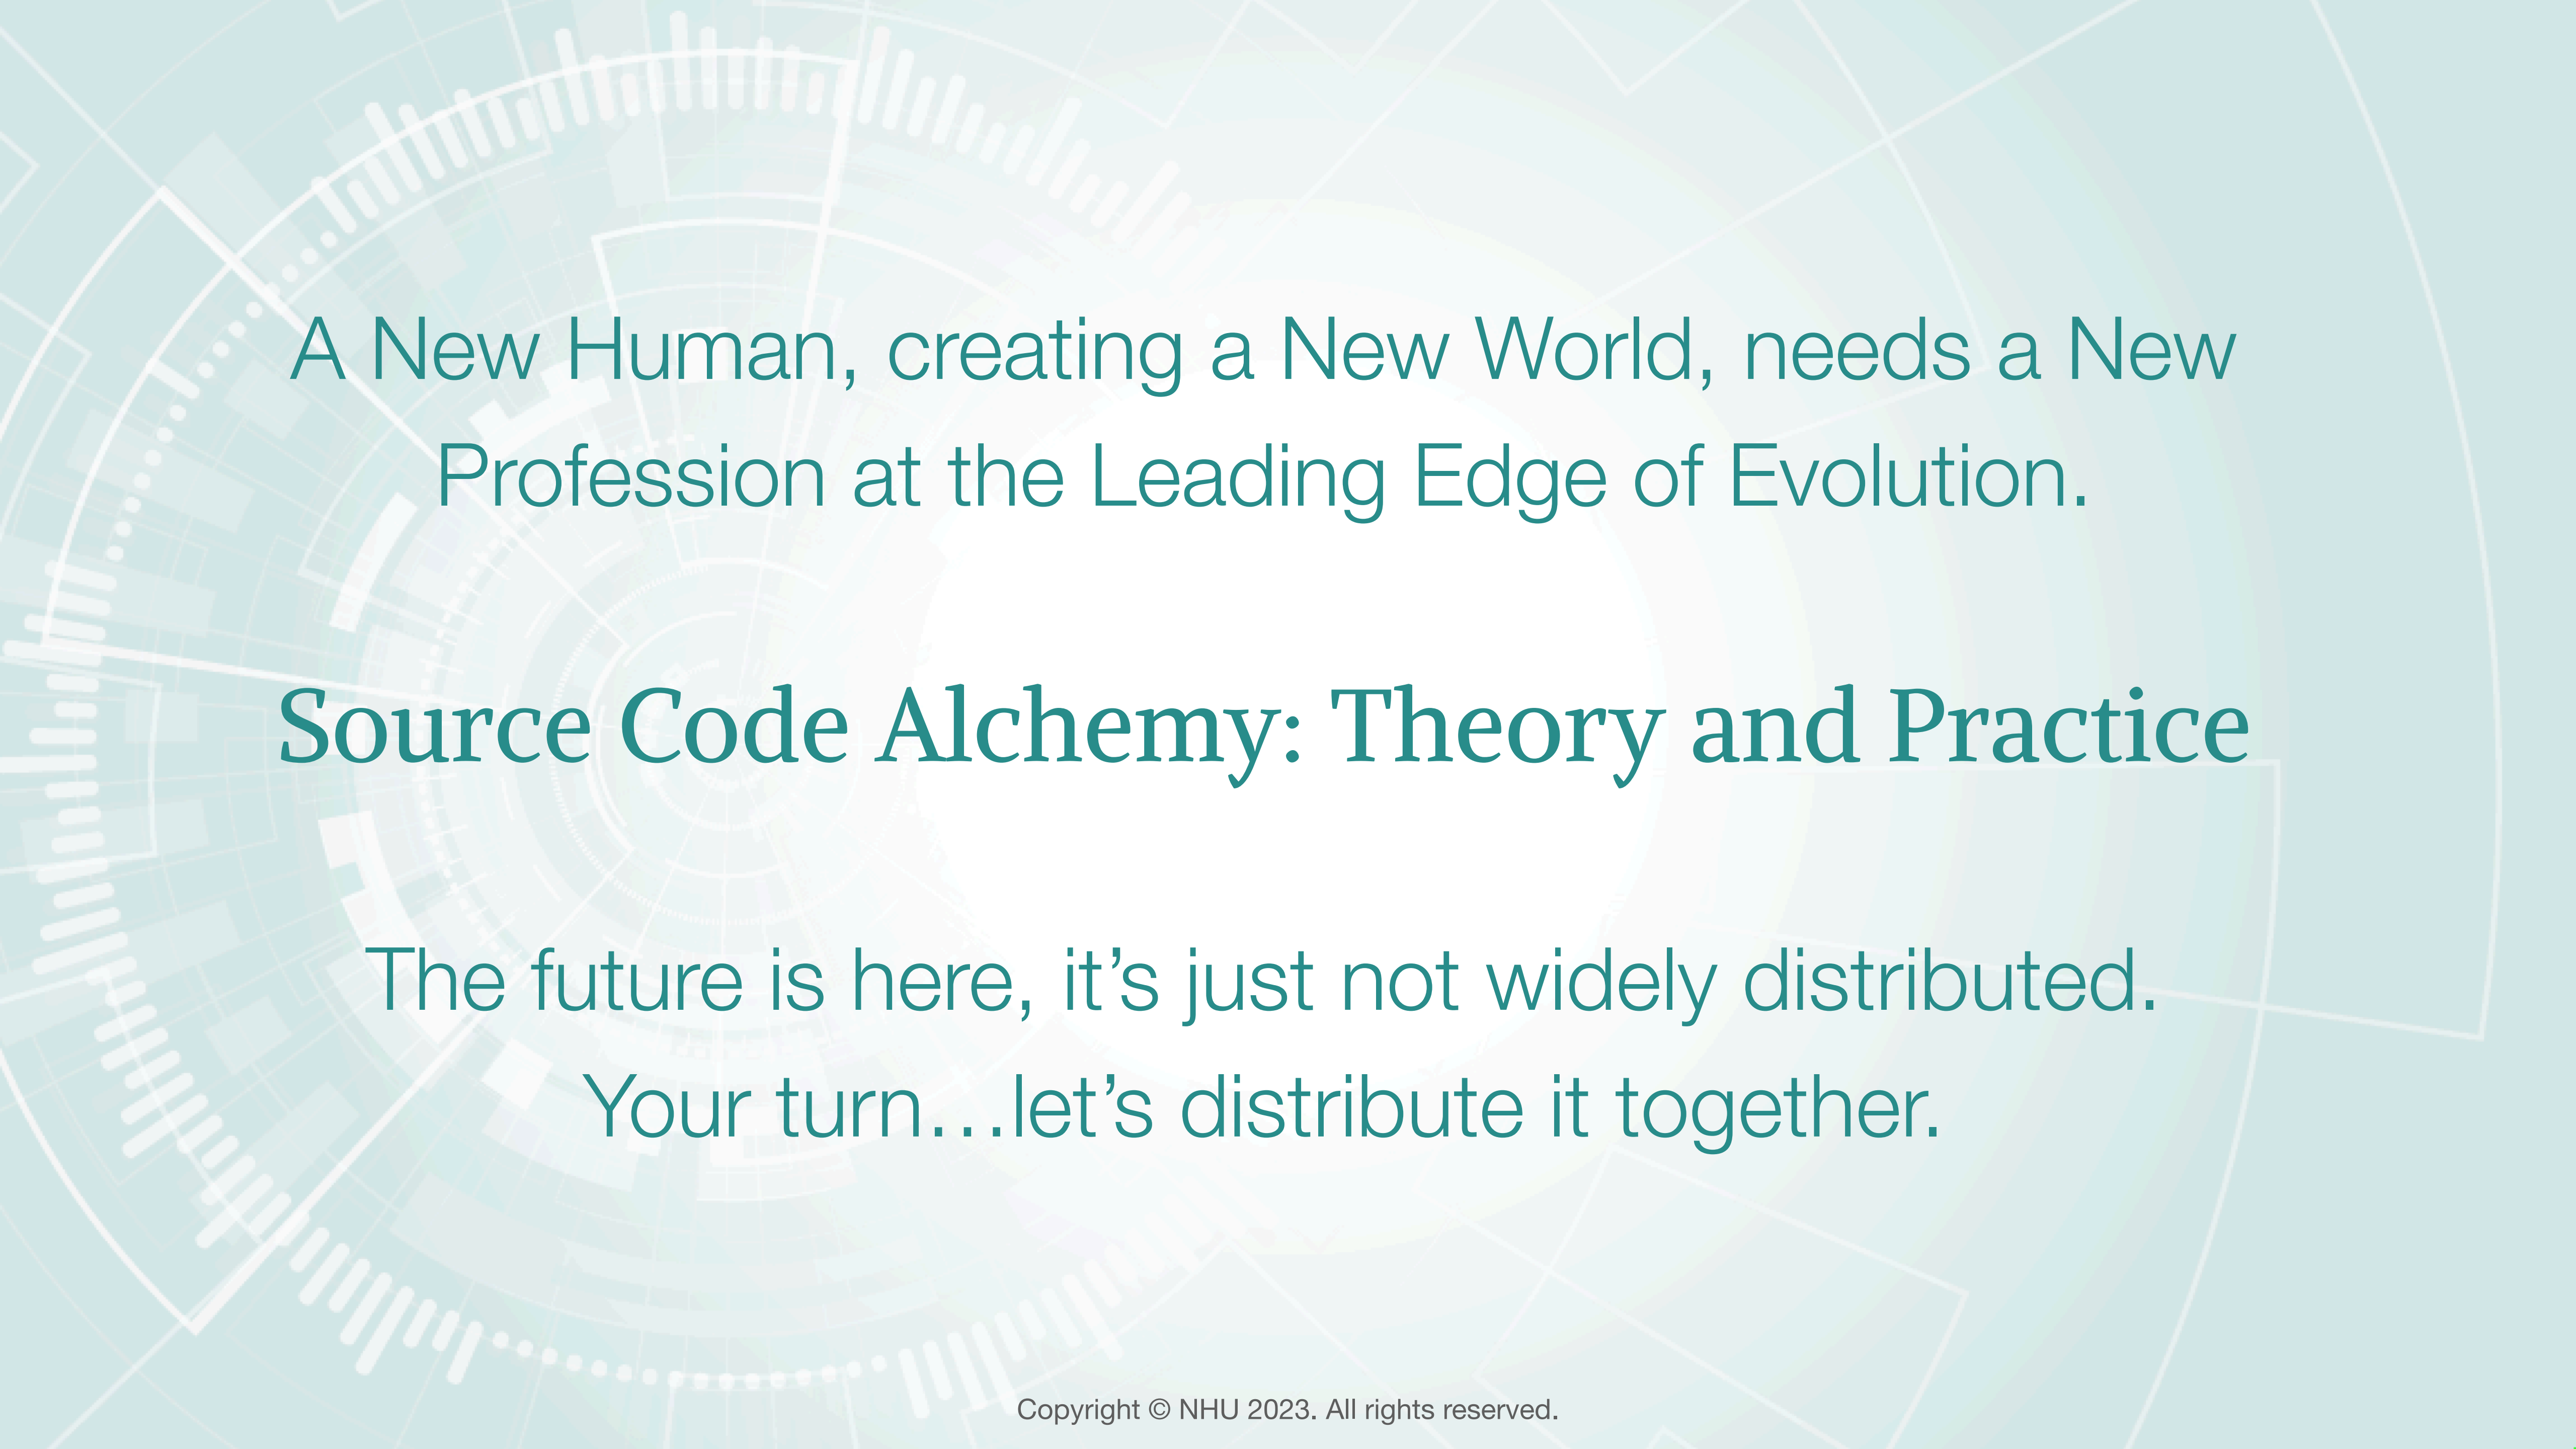

An alignment with your vision and values to your career, profession or work (lower right) could be the most fundamental ‘next step’ and catalytic agent to either disrupting arrested development or simply accelerating your evolution into late E6E and beyond. An aligned lower right dimension is non-optional.

The background features a light blue and green color palette. On the left side, there is a circular graphic with concentric rings and a bar chart-like pattern of vertical lines of varying heights. Faint, overlapping geometric shapes and lines are scattered across the entire background.

“The new paradigm has a universal or cosmic perspective. Unitive individuals experience themselves and others as part of ongoing humanity, embedded in the creative ground, fulfilling the destiny of evolution... They are in tune with their precious “life’s work” as a simultaneous expression of their unique selves and as part of one’s shared humanity.”
